

# Apologies!

Liuna wants to scare you into staying. But have they ever once APOLOGIZED!

Apologized for Matt not returning calls/texts

Apologized for never coming to your workplace!

Apologized for hiding wage increases from you until you had enough and signed cards for HOPE!

Over the past 2 weeks. You've heard lots and lots about what your imaginary wage will be someday!

But never once did Liuna acknowledge they abandoned you and what they would work on to do better.

Now is time for Change.            No more scare tactics.

Your protected through Laws of Ontario

HOPE values and Appreciates you.

Let HOPE help, & support you, the way YOU should be
